Ultra-Probiotic Capsules
Friendly Flora to Promote Intestinal Balance

DESCRIPTION
Each Ultra-Probiotic capsule, provided by Nature’s Source™, contains over four billion beneficial organisms, including representatives of both the lactobacillus and bifidobacterium genera, mixed in a base of prebiotic fructooligosaccharide.

FUNCTIONS
Oral supplements of live, beneficial intestinal microorganisms for nutritional health and well-being are known as probiotics. Probiotic dietary lactobacilli colonize the intestinal tract, depending on the specific bacterium-host affinity. Bacteria are continually in competition for colonization space. The original bacterial colonies have an advantage over transient bacteria. Nevertheless, the composition of the intestinal microflora is dynamic and constantly changing.

If harmful microorganisms proliferate, the equilibrium is disturbed, and it becomes difficult even for indigenous bacteria to maintain their necessary territory to colonize the intestine. Antibiotics tend to kill off both beneficial and harmful bacteria, and thus may also disturb the normal, healthy balance of intestinal microorganisms.

When potent probiotic supplements, such as Ultra-Probiotic, are supplied regularly, chances are greatly increased for establishing and maintaining a healthy population of beneficial intestinal microorganisms. Once established, a normal intestinal microflora rich in lactobacilli creates acidic conditions that are unfavorable for the settlement of pathogenic microorganisms.

INDICATIONS
Ultra-Probiotic capsules may be a useful dietary supplement for those who wish to support their intestinal microflora with meaningful amounts of beneficial microorganisms.

FORMULA (#7497)
Each Ultra-Probiotic capsule contains over 4 billion (4000 x 1 million) organisms in the following potencies:
- Lactobacillus. acidophilus (DDS-1™) 1.15 Billion
- L. Rhamnosus 1.15 Billion
- L. Rhamnosus (Type B, Bifidus) 775 Million
- Bifidobacterium lactis 275 Million
- Bifidobacterium longum 275 Million
- B. Bifidum 275 Million
- Streptococcus thermophilus 150 Million
In a base of FOS (fructooligosaccharides), special carbohydrates, enzymes and ulmus fulva

SUGGESTED USE
Adults take 1 capsule daily or as directed by physician.

SIDE EFFECTS
No adverse side effects reported.

STORAGE
Store in a cool, dry place, away from direct light. Keep out of reach of children.
